It is about journalist Joan Clarke who wrote a New York Times bestseller about the future of relationships which had become entirely digital and meets Andy, a mercenary who thinks that her prediction was true and that he's already living it. Love Story 2050 download 720p movie had stars such as Amy Berg, John Heard, Chris Klein and Mira Sorvino in supporting roles. Sometime in the future in a dystopian New York, a writer for a news website, Joan Clarke (Amy Berg), is interviewing a scientist named Dr. Thayer (John Heard). Thayer explains how in the future, humans will be able to get married to robots, and artificial intelligence software will run most things. As Joan is leaving the interview, she notices an elderly man get arrested by two cops for murdering his wife, who was also a robot. Thinking that this event might fit into her idea of writing about the future of love and relationships, she decides to write an article on it. While printing the article, Joan is confronted by her editor, Paul (Chris Klein), who tells her the story is way too bizarre for them to put it on their website. This prompts Joan to take it to a different outlet, "Beacon Press", where she meets the owner Summer (Mira Sorvino). Summer informs Joan that they have no interest in providing content for websites or networks, but will be happy to publish an actual book instead. After an incredible lunch at a Chinese restaurant that has never been occupied by humans before, they decide on a name for her book: "Love Story 2050." Before publishing the book, Joan meets with John Harwood (John Heard), whom Paul says is Andy's father. After disagreeing with Paul's suggestions to change the book's contents, Joan meets Andy (Timothy Spall), a mercenary who has been hired by a woman named Mary (Julie Bowen) to kill her husband, who is an artificial intelligence software. After she sends Andy to attack her husband, he learns that his client actually wants him to save her from suicide after she found out her husband has been spying on her. Joan accompanies the two of them on a plane flight, which Andy hopes to use as an excuse for being so close to his client. While he is thinking about them kissing, he gets interrupted by someone calling him from the cockpit. Piecing together what he is saying, Joan clues in that the flight is going to crash. The plane lands on a deserted island and Joan loses her glasses and cell phone. After making up an excuse for Andy as to why she cannot be with him anymore, she goes off with John Harwood to find a working cell tower. They find one off in the distance and see a pack of wild dogs eating it. John Harwood makes it back to the plane safely but Joan becomes the dogs' new prey. Andy saves her from being eaten, but she becomes sick from rabies, which requires him to carry her home for antidote injections of serum from the plane's medical kit or inject her with his blood instead.
